## Overnights Agreement

Dates of Service: From \_\_\_\_\_ to \_\_\_\_\_

If overnight care is taking place at the home of De Fiets- en Hondenstop, are we picking up and/or dropping off\* your pet? If yes, please indicate which. \_\_\_\_\_

Price for overnight care is based on sliding scale rates in which the lower end of the scale is generally used by folks who currently experience financial hardship (whether systemic or personal) and the higher end of the scale is used by folks with financial stability or wealth (whether from privilege or personal). The choice is up to each individual client and we use a "no questions asked" policy.<sup>†</sup> Please use the following chart for the sliding scale rates for overnight care and indicate your choice in the space below.

Type of Pet	Sliding Scale Rates <sup>‡</sup>
Dog	€40 - €70
Cat	€25 - €40
Small Animals	€15 - €25

We will let you know if a deposit is required.

Payment for services: €\_\_\_\_\_ per day (set of up to 24 hours of care) || For \_\_\_\_\_ (number of days)

De Fiets- en Hondenstop offers payment plans for all extended care services (Daycare, Pet Visits, Overnights) if the **total** amount due is over €250. Payment plans can be made for up to 4 additional months after the end of the care<sup>§</sup>. Please indicate (where applicable) if you would like to participate in a payment plan, and for which number of months we should divide your total costs.

\_\_\_\_\_ (number of months in payment plan).

Feeding Instructions: \_\_\_\_\_

What supplies are you providing for your pet? (for example: crate/bench, food, treats, something to chew on, toys, medications, etc). If you need us to provide supplies for you, please also indicate such below.

\* pickup/drop off rates start at €5 per trip and are based on the distance from De Fiets- en Hondenstop, method of travel, and amount of supplies traveling with your pet

<sup>†</sup> We do, however, ask that you keep the same rate per night for the whole visit (if you have more than one instance of overnight stay with us, the rate can change at each instance if needed. You'll fill out this form for each set of visits)

<sup>‡</sup> Please note, rates are exclusive of 21% VAT. Service price does not include any unexpected services including, but not limited to, emergency veterinarian fees, additional food, litter or cleaning supplies, transportation costs, etc. Service price does not cover initial costs of supplies if none are provided. All fees associated will be passed to the human client with the monthly invoice.

<sup>§</sup> For example, a 2 week visit that takes place in both May and June without a payment plan will be invoiced in May and June. OR on a payment plan of 2 months, one invoice will be sent in May, June, July, and August. For additional questions about payment plans, please email us directly.
